

Delta Dental PPOSM and Premier[®] Two Networks, More Choices!

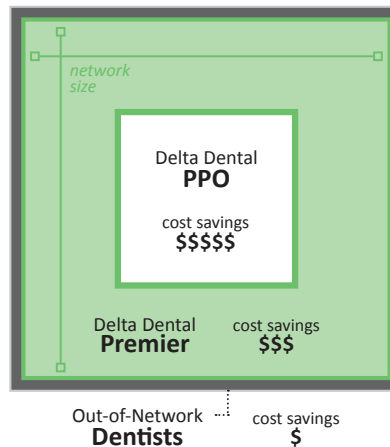

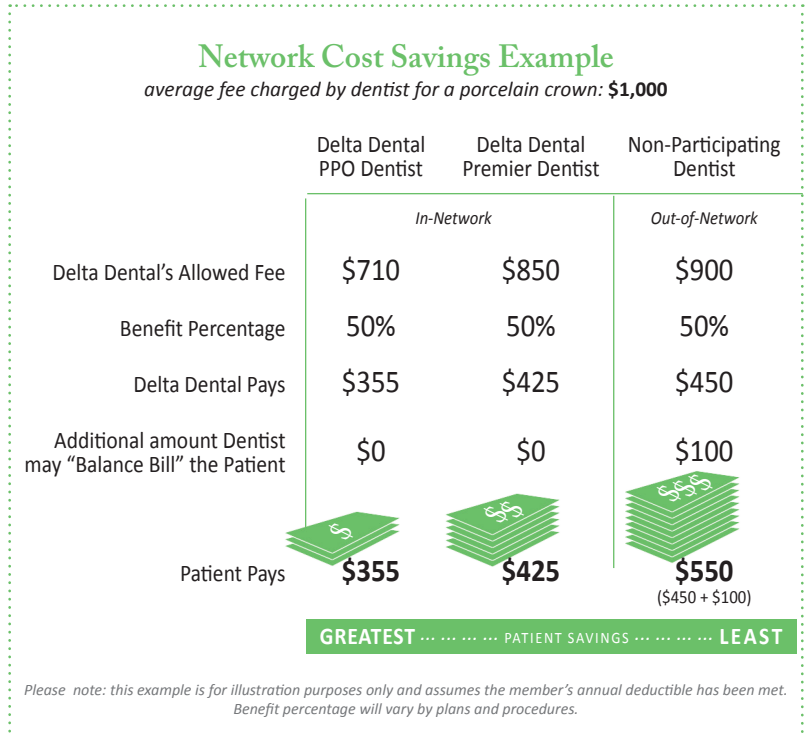

At Delta Dental, we're proud to offer both Delta Dental PPO and Delta Dental Premier networks. The unique dual network gives you the opportunity to choose from a broader selection of dentists. No other national dental carrier comes close to the size of our network, and accordingly, no other carrier can offer you the same amount of cost savings and protection.

Delta Dental PPO gives you the lowest possible out-of-pocket costs. Participating dentists in the network agree to accept lower fees for procedures, providing larger discounts that result in savings for Delta Dental members.

Delta Dental Premier is the largest dentist network in the country. In fact, more than four-out-of-five participating dentists in the nation have agreed to accept Delta Dental's pre-negotiated fees for dental procedures.

With both networks, dentists have agreed not to charge more than Delta Dental's allowed fees—and they won't balance bill you the difference between the allowed fees and their regular fees. This way, both patients and employers get savings and protection.

Out-of-Network dentists are always an option. By going to one, you will be missing out on an impressive amount of savings and protection.

Delta Dental PPO

- large network
- lowest out-of-pocket cost

Delta Dental Premier

- largest network
- low out-of-pocket cost

Out-of-Network Dentists

- freedom to choose out-of-network dentists
- highest out-of-pocket cost

FIND A DELTA DENTAL NETWORK DENTIST

It's easy to see if your dentist participates in the Delta Dental PPO or Premier network. Visit our website at www.deltadentalmn.org and select "Find a Dentist" or call Customer Service at **1.800.553.9536**.
